Set up an account on OpenStreetMap

a. Use a browser like Google, Chrome, or Safari, not Internet Explorer (IE).

b. Go to openstreetmap.org

c. Click on "Sign up". Follow the prompts.

d. A confirmation email will be sent to the address that you provided. Please log in to your inbox and confirm your new OSM account.

Putting the World's Vulnerable People on the Map

2

Select an area to map

a. Go to the tasking manager: http://tasks.hotosm.org

b. Don't see your username in the top-right corner? Click "Log In" and follow the prompts. Make sure to add your email as well.

c. Click "Start Mapping" and pick a project. Click "Contribute" on the bottom right.

d. Pick an available square - a square on the map that is translucent, or not filled in with a color - and click "Map Selected Task".

Map selected task

3

Map the area

a. You will be tracing buildings and roads within your fuschia square.

b. To add a building: click on the "Area" tool and trace the building outline. Double-click to finish.

c. To classify the area: on the left side of the screen, type "Building", then scroll down and click "Building" again. The area you traced will turn red.

d. To add a road: click the "Line" tool and trace the road. Make sure it connects to other intersecting roads.

e. To classify the line: on the left side of the screen, click "Road", then a subcategory.

4

Save your work

a. Click the "Save" button at the top right of the map area.

b. On the left side of the screen, click "Upload" to confirm.

That's it!

Thanks for your help.

Your edits will be part of the map, and available for anyone to view, edit, and use!
